

Vitality Active Rewards™ with Apple Watch

As a Manulife *Vitality* member, you can get Apple Watch from just \$0 and fund the balance by tracking activities to earn Vitality Points™.*

The Manulife *Vitality* program is transforming the way Canadians like you aspire to live healthier – and happier. And with Apple Watch it's even easier for you to enjoy rewards for healthy, active living!

It's easy! Simply:

1. Get Apple Watch

Order Apple Watch online for an initial payment plus any applicable taxes and upgrade fees for case and band selections.

2. Get active

Track your monthly activity using Apple Watch and the Manulife *Vitality* program mobile app to measure your activity and earn Vitality Points.

3. Get rewarded

The more points you earn monthly, the less you'll pay! You can pay as little as \$0 each month when you reach your physical activity targets through Standard or Advanced Workouts.

Getting active pays off

Your monthly payment depends on how many Vitality Points you earn each month, over a 24-month period. If you earn 0-499 Vitality Points from Standard or Advanced Workouts each month, your monthly payment will be reduced based on your earned points. And when you earn 500+ points in one month, the cost is \$0! To fully fund the balance of the cost of the Apple Watch you must earn 500+ Vitality Points every month over a 24-month period.

Every move counts

A few steps go a long way! Here are some ways you can earn Vitality Points for Standard or Advanced Workouts:

Activity	Standard Workout = 20 points	Advanced Workout = 30 points
Daily steps using your Apple Watch or any supported device	10,000	15,000
Active calories tracked through Apple Watch	Personalized between 200-1,250	Personalized between 300-1,875
Verified fitness club visit through app	30 minutes	Option not available

Light Workouts (5,000 steps or 200 active calories) do not count towards the Vitality Active Rewards with Apple Watch monthly payment calculation.

Active calories are based on a user's gender and weight, ranging from 200-1,250 for Standard Workouts and 300-1,875 for Advanced Workouts.
